

Stop Leaving Revenue on the Table When Your Market Shifts

RateIQ helps hotels spot market rate changes early so you price smarter on the nights that matter most.

Revenue Intelligence Built for Hotels

What You'll Know Before Competitors Do

Spot Market Moves Early

See when nearby hotels raise or lower rates, before you price the wrong nights.

See Market Momentum by Date

Track how competitor rates for a specific stay date move over time.

Fix the Dates That Matter Most

Instantly identify high-impact dates that are underpriced or overpriced.

Always Know Where You Stand

Track your rates against nearby competitors in real time.

Why Hotels Use RateIQ

Price with Confidence

Know when your market shifts, so you raise or hold rates with confidence.

Fix the Dates That Matter

Focus on the nights that drive revenue, not every date on the calendar.

Capture Missed Revenue

Capture revenue you would otherwise miss when demand quietly rises.

Perfect For

- Independent Hotels
- Owners Managing Pricing
- Revenue Managers
- Competitive or Seasonal Markets

Stay Competitive Year-Round

Make smarter pricing decisions backed by live market
